

Our **Landmark II** Theater Incliner is a favorite among the most demanding high-end theater aficionados who require maximum long-term viewing comfort. This beautiful style has been the number one selling theater chair in our line for nearly 20 years! **Landmark II** offers enhanced lower lumbar back support, with a bold, traditional, executive appearance that is perfect for the more traditional high-end dedicated home theater. With its unique adjustable head pillow, the tall among us will appreciate this feature.

# Landmark II

Continuing the legacy of fine workmanship and impeccable quality, Premiere Home Theatre Seating presents the **Landmark II**. The **Landmark II** continues the traditional look and bold style of pillow back and full chaise footrest. This recliner has quickly become a first-pick among many professional film producers and directors for their private screening rooms. **Landmark II** offers over 200 top quality 100% leather finishes, which makes an individual statement of comfort and design.
